

# Are your inlaws... Actually outlaws?

Whether it's Al Capone, *The Sopranos* or *the Godfather*, the public remains obsessed with the glamour, violence, and allure justifiably associated with the mafia. In this fast paced tale of tragedy, betrayal, and most of all, a mother's love, Sunny Rubin details how her life unexpectedly morphed from an Ozzie and Harriet re-run into something reminiscent of the Sopranos. Murder, deception and the heartbreaking loss of loved ones takes center stage in ***Mafia Mother-in-Law*** as Sunny relays the horrifying tale of how her son rejects her and ultimately excludes her from his life and that of his children.

This memoir reminds you that life can change in the blink of an eye, or in Sunny's case, the click of a trigger. In Sunny's story she describes there is no "true happiness" but only the security that comes from knowing your own strengths and weaknesses and continuing to strive to be your own person.

## Story Ideas

- **Monster in-laws:** What are the 5 tell tail warning signs?
- **How to cope with a Mafia Princess Daughter in-law**
- **Meeting the In-Laws:** The best path to the big meet.
- **The Wedding from Hell:** Surviving the Who's Who guest list.
- **Grandma Still loves You:** When your Estranged Child Keeps You From Your Grandchildren
- **Grandparent Rights:** How to live and cope without knowing them.
- **Mafia Mother-in-law:** My Ordinary Life, and living "The World of Mob Kings and Queens".
- **How to Make Your Comeback:** Suddenly, Widowed and Adapting to Career Changes.
- **Living through Sexual Harassment:** Are you in a War Zone or are you just "BatShit Crazy"
- **Whistleblowing:** What Life is like after the Fall? "Hero or Snitch".
